Haiyya, thank you so much for clicking on this book <3 This is as fanfic and Wings of fire belongs to T Tui Sutherland. Instagram also belongs to its rightful owners. Credits go to all the talented artists of the pictures I'll be using. The only things that are mine is the cover (not the art) and the fanfic. Tsunami's username on Instagram is going to be Tsunamithelostheir, just like my username but it's hers in this book. Feedback and corrections are always welcome if you spot a mistake or two ^.^

Edit: I've changed my username three times so I'm not roleplaying as Tsunami now. On the topic of how to address people, I go by she/her pronouns and I'm a girl ;v; Thank you so much for reading this intro and I hope you enjoy this book!

1. Welcome to the human world

[image]

Matchmaker: We look awesome as scavengers!

Comments:

Tsunamithelostheir: WTF!?

Scrollworm: This isn't scientifically logical.

Matchmaker: It doesn't have to be.

Hansomeidiot: Scavengers look like sticks?

Queenofsarcasm: It's called a stickman.

Handsomeidiot: Oh. Interesting.

Tsunmaithelostheir: Why does me and Glory have to be scowling?

Queenofsarcasm: Yea.

Matchmaker: *shrugs*

Backupmatchmaker: Sunny u stole my username!

Matchmaker: Kink, u can't be the matchmaker! Ur supposed to be shipped with Turtle.

Starspeaker4life: Sunny strikes again

˚•☆•*˚★´ `-•- *˚*•☆•*˚*

2. Twitter works too

[image]

Sand-snorter: Who posted this?

Comments:

SUGERHIGHKINK: AsamatchmakerIdecarethatIdon'tapproveofthisship.

Matchmaker: Yay! U finally changed ur username! And I'm the matchmaker here. But that's fine cuz I don't approve of it either.

Sand-snorter: Not the point.

Tsunamithelostheir: Idiot.

Sand-snorter: What makes me one?

Queenofsarcasm: It literally says '@Winter-the-royal-one'.

Ice-face: That was for posting the photo of me and my pink tiara on Deviantart.

Sand-snorter: You'd better run

˚•☆•*°⋆´-•- *°*•☆•*°*

3. Proving Winter's Innocent

[image]

Ice-face: See?! I'm innocent! You can all thank Qibli for posting this on Deviantart before I posted HIM KISSING KINKAJOU on Twitter! And Qibli stop stabbing your tail at me!

Comments:

Moonsenpai: Qibli kissed Kinkajou?

Sand-snorter: No I didn't!

Ice-face: You should really take a look at Qibli's last Instagram post.

Ex-QueenScartet'sChampion: Wow Qibli, that was really dumb of you to post it on Instagram.

Sand-snorter: Winter posted it on Twitter first.

SUGERHIGHKINK: HAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHA Winter why r u wearing THAT?!

Ice-face: U stupid? I was dared to

SUGERHIGHKINK: HAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHA

Moonsenpai: Uh... does anyone know how much sugar she ate today?

Sand-snorter: ...

TheTurtle: A very reasonable amount?

*　*•☆•*°⋆´-•-　　*°*•☆•*°*

4. Ish Chewy

Queenofsarcasm: I caught Clay eating what he shouldn't again.

5. Scarflight

Starspeaker4life: *Planning murder with that adorable smile of mine*

Comments:

HerRoyalMajestyThrillingQueenScarletOfTheSkyWings: Why would I want him? Never seen anyone as pathetic as him.

Starspeaker4life: Have you tried a mirror?

Matchmaker: OOOOOOOOOOOOOOOOOOOOHHHHHHHH

QueenOfSarcasm: ROASTED

Tsunamithelostheir: No retort for that?

HerRoyalMajestyThrillingQueenScarletOfTheSkyWings: I hate you all.

Starspeaker4life: Sunny, I thought you were my bestie and I'm not done with you Scarlet.

Comments:

HerRoyalMajestyThrillingQueenScarletOfTheSkyWings: It's *Queen* Scarlet.

Starspeaker4life: Starflight, can you hack her account and change her username?

Scrollworm: (ᔑ□ᓚ)

Matchmaker: I don't ship Scarflight, I swear.

Starspeaker4life: ...

Matchmaker: I promise I'm a hardcore Starspeaker shipper.

Starspeaker4life: Sunny... I don't want to do this to you...

Matchmaker: *Starspeaker4life used last resort*

Matchmaker: *It was super effective*

Scrollworm: Uh, why don't you go kill Scarlet instead?

Starspeaker4life: Mkay :)

Matchmaker: That girl's finally out of her emo-mode (-w-)

SUGERHIGHKINK: DOES THAT MEAN HE HAS AKAASHI POWERS??

˚•☆•*°⋆´ `-•- *°*•☆•*°*

7. But... isn't this chapter 21?

[image]

Me: So um, for those of you who have been here the whole time, thank you so much, and I may or may not have switched spots for the chapters since I felt like the new ones and old ones are so different even though they were made in the same month. I decided to switch a few of the chapters to make them look even, so what was once chapters 7 and 8 are now 21 and 22 and vice versa.

Comments:

Glory'sFBF: Mhm, u look amazing in that picture.

QueenOfSarcasm: When did I not?

Tsunamithelostheir: Um, always? Also if you're gonna get mushy pls do get out.

Snudoo: I'm out. No one wants to watch this.

Matchmaker: Oh, yes we do.

Scroll-worm: Nope.

Starspeaker4life: 'Cmon Starry, the only reason we're here is for the fluff.

Matchmaker: OH MY GWAD!!! STARSPEAKER!!!

Me: IKR

Matchmaker: I'm posting this

I'mTheSizeOfALargeMango: Scroll up, dis is posted and ur commenting on a post.

Matchmaker: Huh, reasonable. But that's Glorybringer and I'm a

licensed Matchmaker.

I'mTheSizeOfALargeMango: I'm 2 weeks old and I have a proper WoF shipping degree.

8. Get wrecked

Snudoo: Finally filled out this empty space known as chapter 8

Comments:

TheTurtle: ...

Ice-face: GET WRECKEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEED

Sand-snorter: XD

TheTurtle: Kinkajou, I'm getting cyberbullied. Are you gonna do anything about it?

SUGERHIGHKINK: No

SUGERHIGHKINK: THIS IS FUN

TheTurtle: *Sobs*

SUGERHIGHKINK: Don't cry, c'mon let's go laugh at Turtle.

TheTurtle: ...

TheTurtle: HAHAHAHAHAHAHA, TURTLE'S SUCH A PIECE OF CRAP. *Dies behind the screen*

9. Winterwatcher's not happening

[image]

Matchmaker: It's almost the 10th post and there's no shipping yet?

Comments:

Sand-snorter: When did Moon and I get married?

Matchmaker: Negative 10 years ago

Moonsenpai: ...where'd you get that picture from...?

Matchmaker: Can't tell.

Ice-face: Why do you have to choose THAT picture?

Matchmaker: 'Cause Winterwatcher's not gonna happen.

゜•☆•*°★´ -•-　　*°*•☆•*°*

A/N: I don't mean any hate on Winterwatcher shippers here (>□<) I guess I'm still trying to get over it myself but I do love Moonbli and Lynxter a lot.

10. Ship

[image]

Matchmaker: The last shipping post didn't turn out well so I'm doing it again.

Comments:

Tsunamithelostheir: Why r u endlessly forcing us to do this crap?

Matchmaker: Cuz it's high-quality content 🎺

Glory'sFBF: I agree with Sunny.

Queenofscarcasm: Well I sure don't.

Scrollworm: Me either.

Hansomeidiot: *Sob* My food... *Sniff*

Ex-QueenScarlet'sChampion: Sorry Clay...

Squid-brain: When can we stop shoving pocky down our throats?

Tsunamithelostheir: No one said you're supposed to shove it down your throat.

SUGERHIGHKINK: THIS IS SOOOOO CUTE.

Ice-face: Thanks for not getting me involved.

Matchmaker: Welcome :) I'll get to u later.

SUGERHIGHKINK: I just HAD to do something about that ADORABLE YELLOW ELECTRIC MOUSE THAT *ALMOST* KILLED ME.

Comments:

Moonsenpai: Where'd u find a Pikachu?

SUGERHIGHKINK: On my Let's go Pickachu game on my Nintendo Switch.

TheTurtle: And it almost killed you?

SUGERHIGHKINK: Yup.

TheTurtle: How?

SUGERHIGHKINK: I blew it in a microwave.

Moonsenpai: Okay...?

Ice-face: Whatever a "Microwave" is.

Sand-snorter: I don't think that's a thing, considering the fact that we either live during the stone age or the middle era for living in caves and using scrolls.

SUGERHIGHKINK: I'm way ahead of you, losers. I use modern technology cuz I made it.

12. Microwaves

[image]

TheTurtle: I think this masterpiece is the thing Kinkajou was talking about.

Comments:

SUGERHIGHKINK: U STOLE MY MICROWAVE!

TheTurtle: I didn't steal it; I bought it at best buy.

Ice-face: How'd u go there? We're in quarantine.

Sand-snorter: There's something called a mask.

SUGERHIGHKINK: And u have to eat soap.

Moonsenpai: I thought that's something Clay would say.

Ice-face: Nah, his mouth is full with soap so he can't talk.

Sand-snorter: But we're texting.

Ice-face: Why do u always feel the urge to correct me?

Sand-snorter: Cuz someone has to.

Ice-face: I hate u.

SUGERHIGHKINK: Go sit in the time out corner for 10 minutes

Ice-face: WTF

13. No image avalable

Icecat: When u wanna post something but is too lazy to find something to post.

Matchmaker: You have a fandom?? Luckyyyyyyyyyyyy

DarkstalkerDaKing: Pretty sure we all do

A/N: Thanks to TheEverywing for giving me the idea for Lynx's username. I'm surprised at how inspirational laziness could be but at least I managed to get a chapter out :3

20. Technically, it was the last chapter (Swear warning)

[image]

Me: Technically, the 20th chapter was the last one but the first chapter of this book was just a A/N and in the past 45 words, I said the word "chapter" 4 time or 3 times if you don't count the title and by now it's 66 words...

Comments:

Ex-QueenScarlet'sChampion: I don't stab people, It's not necessary.

A/N: I'm so sorry for the language in this chapter :< Aside from that, I'll be doing a little status thing at the end of each chapter from now on.

Edit: A year after I decided to do that, I also decided to take them down because it generally makes the page look messy so If you're wondering what it looks like, then here's an example:

A/N: I finally had the time to draw something related to WoF. I'm not too proud of this but It turned out much better than expected :3

25. Snudoo

[image]

Brace yourselves for a whole paragraph of complaining.

Not gonna lie, I hate this drawing and it's a pretty lazy one too. Something I've realized about my drawings is that it always looks unfinished but they're just doodles I do in my spare time anyways. Also, for some reason, when you're on a small device, they look extremely pixilated, probably because the lines are so thin and I changed the display options so I can add a watermark. Not blaming anyone but myself for this tho OwO

I'm probably gonna re-draw this.

Don't steal, repost, use as base, edit or anything without my permission. (It's not like I'm gonna give you permission to steal anyways ._.)

Flaws:

1 - The colour of the whole thing is just so triggering.
2 - It's so pixilated
3 - Sundew's legs look misplaced.
4 - She would have been better off without legs.
5 - This whole thing looks unfinished

Feel free to point out more in the comments ^.^

Status:

Time taken - 10 mins (Like, I used a similar drawing I drew prior for the base so hopefully that doesn't count.)

Snudoo: I'm assuming what happened here is; Grammarly isn't available for DeviantArt so the moment you copy-pasted this onto Wattpad it got triggered and you had 50 grammar mistakes, tho I don't think there are even 50 words.

Willow: No need to call Author-chan out like that-

QueenOfSarcasm: She's just being honest-

Willow: Also, no hate on meh ugly-dead-spider-looking-plant-named girlfriend.

A/N: EEEEEEEEEEEEEEEEEEEK- I'm terribly sorry for the vent (>_<)

Edit: Looking back at it a year from when I first posted this, I've made some changes to the writing part because I feel really bad for dumping a whole vent on the internet but I still kept most things. The idea of re-writing something entirely and pretending it'd been that way the whole time just sounds wrong to me. I'm really grateful for all the kind comments from you guys despite all this and I'll take this chapter as a lesson. Sorry and thank you all <3

Scroll-worm: *Nods rapidly while backing away*

Starspeaker4life: Three moons, Starry u oki?

Tsunamithelostheir: Why would he not be?

Starspeaker4life: It is out of character for Starflight to show any movement while stressed, anxious or any possibly negative emotions.

˚•☆•*°★´ `-•- *°*•☆•*°*

A/N: Haiyya, I'm sad to report that I have officially dropped out of the WoF fandom; It's just that I don't feel as excited as I used to whenever I see something WoF-related and I don't feel as motivated to keep up with the fandom. I'm still gonna try to update but likely not as often as before. On the plus side, I feel like my writing's gotten better now that my mind isn't clouded with excitement and is generally clearer. Also, my friends told me it took me 22 mins to text them back so I somehow took that long on this chapter TwT

27. Lynxter

[image]

Me: Doing the OTP challenge with my WoF OTP >:3

1. Both of them are self-conscious of their appearance but since Winter is a royal, he gets judged more so probably him.

2. They're IceWings which means two things: they've been trained to have 'good manners' and they probably don't get cold. I guess if Winter's being more of a gentleman, he'd let Lynx take it but if someone tries to wake him up when they're not supposed to, Winter's definitely gonna steal the blanket.

3. None of them.

4. Lynx and if Winter cries he's just gonna deny it.

5. Winter.

6. I can picture Lynx humming along while Winter tells everyone but her to shut up.

7. Lynx since Winter wouldn't be caught dead on a stage.

8. Winter...? He can cook but neither of them can make fire so Qibli probably has to come help XD

9. Lynx cuz Winter wouldn't kill her for anything :3 but if he gets mad... he still wouldn't do a thing to her.

10. I'm guessing they take turns since this is becoming a bit repetitive.

11. They both do but Lynx is a very undeveloped character so I'm not sure.

12. They both get woken up pretty early but probably Lynx still

does the whole "Life is a chore" IceWing thing.

13. Probably Winter

Icecat: Well~ I am in this book but It just NaTuRal CauSeS-

Murderbasker: WHAT DO YOU MEAN YOU'RE NOT COMING TO MY TEA PARTY?! GLORY, I MADE BISCUITS!!!

*˚•☆•˚★˴˙-•-　　*˚*•☆•*˚*

A/N: I haven't updated much and I guess my obsession with anime has set up a fine writer's block for myself on this book. I've decided to get to 100 chapters before this summer cuz this book will be 1-year old by then and I wouldn't want to not have at least 100 chapters for such a simple book which is just a vent at this point. Also, thank you all so so muchfor 10k reads ＜3

TheTurtle: I'm confused

Scroll-worm: Same

TheTurtle: Aren't we hoomans?

DarkstalkerDaKing: There's no such thing as a human animus so you should exist at all

TheTurtle: Neither should you

A/N

It's strange how this is my first 'A/N' chapter in this book but that might have something to do with the unnecessarily long author's note at the end of every chapter. I figured it's been a week since I last updated but I can't really think of anything to post. Each character in this book is getting extremely out of character so I decided I'm gonna stop updating for a while and come back in a week or two...

I've been into WoF for so long that it doesn't even feel like a fandom anymore. All the characters' words are just random thoughts swirling around in my head and typing them out feels almost like a chore now. I honestly don't really enjoy it as much as I did before but I'm still really attached to the memories from back when I was.

Of course, I'm still going to update all my other books regularly I'll try to be back in a week or two at most. My current goal is to get to 100 chapters by this summer so I'll probably have to update three times every week after this break. Thanks for reading and stay safe <3

Sandy-boi: I am suddenly extremely blessed to not have a ridiculously long snout-

Comments:

Moonsenpai: And all of a sudden were dragons again ;-;

Ice-face: I think this mask fits me fine-

SUGERHIGHKINK: Wait

SUGERHIGHKINK: Why is Turtle still a turtle in a hooman AU?

˚•☆•*°⋆´-•- *°*•☆•*°*

A/N: This is called evidence of my incapability to draw dragons :'D I normally draw anime/manga or even chibi every now and then. Thanks to Sabiany2 for asking how a mask will fit a dragon and giving me the idea to draw this. I used Autodesk sketchbook to draw this even though I recently got ibispaint X (and it works wonderfully ^.^) but I didn't feel the need to crash that with my random drawings as well.

Scroll-worm: Yes, but actually, for humans anyway but the only thing shrimps can turn pink are flamingos which were born grey and turned pink from the pigment in the shrimp they eat in their habitat.

ISeeWalruse: Nunununununu, ur giving us away-

QueenOfSarcasm: I think you just did-

ISeeWalruses: I shall carry on *AHEM* Eat too much and you'll get sick-

TheTurtle: Not dat

TheTurtle: 動物園で思った ピンク

Murderbasket: Yep, being stupid is contagious

Sandy-boi: With my oversized brain, I figured out that this is a lyric prank >:3

A/N: A random headcanon of mine is that Turtle and Fatespeaker are both huge weebs and could understand bits of Japanese from their hours spent binge-watching anime.

I'm really sorry for ever posing that but judging by how many people have already seen it, I don't think I'll be taking it down. Now, to not turn this chapter into a complete vent,let's talk about some of the designs and backstory

I toned down all the colors and made things a little less exaggerated But I tried not to make this shadow of the original one. Kinkajou took a long time because I wanted to show her brightness but all of gacha club's bright colors were legit neon. Peril also took very long since I didn't know how to express her as a confused-cool-kid-ish-teenage-girl without making her look like a punk.

I do like how some of them turned out but for the others... not so much. What do you guys think?

A/N: I didn't write much of an A/N during the last few chapters because I'll be writing a really long one this time QwQ I've changed my username to AnotherElly because I wanted people to know how to address me by my name. It's fine tho because this is just a nickname of my real name and not actually it which I hope people won't start guessing ;^; Also I do gacha edits for fun and I could link the tutorial I've followed here if anyone's interested. I didn't follow it completely because I have my own ways to edit and I'm more comfortable with that.

First of all, I planned to get to a point in this book where it's not a cliffhanger before today because I didn't want to spend my potentially last month on Wattpad chasing deadlines and trying to finish this book. Now that the pandemic's coming to a somewhat end, I won't get to spend my life in front of my PC, which means less time on Wattpad. Just to clarify, I don't mean I'm leaving Wattpad or anything, it's just that I'll be inactive for the summer and maybe longer afterward. I actually considered trying to finish the whole book before today but decided against it.

Second of all, I originally planned to finish on chapter 200 because but then I realized I'd only be able to get to chapter 190-something because of A/Ns. I wanted to end on a nice number (yes, I do the stupidest of things for the stupidest of reasons) so I'll probably stop on chapter 150 or 175.

Finally, the unnecessary speech 99% of the population hates but mathematically, even if 99 percent hates it, about 70 million people are still fine with it :> So, I wanted to thank everyone who's decided to give this story a chance. When I first started, I thought being all optimistic and sweet is found annoying by people so I just talked as I would irl which just made me sound monotonous and I'm sorry I dragged all of you through that. I'm very happy with everything I've achieved in the past year and it was all thanks to you guys <3 I know a lot more people could have accomplished a lot more in the same amount of time I was given but I'm happy the way things are now. I'll probably be more inactive after July but I'll hopefully be back by September and as of now, I'm not going anywhere ^.^

And now for the 10 tags :> If I've tagged you and it makes you comfortable, I'm really sorry and you could ignore this. I pretty much just choose people who've commented on this book because I don't know that many people on Wattpad, I hope that's okay with you all.

* *•☆•*°⋆´ -•- *°*•☆•*° *

A/N: I hope you liked this chapter even though It's not really considered as one. If it weren't for getting tagged, I likely wouldn't have written anything for the next 2 weeks so thank you so much to PPSIMY64 for tagging me. Today, I spend half of my day re-writing and editing this book so I'm more than ready to collapse and sleep for the next 24 hours. But before I do that, I'd like to explain why I decided to do that.

On chapter 100, I mentioned how when I first joined Wattpad I wasn't sure how to express myself without sounding cringy so I just ended up sounding unaprochable. Over time, I learned a lot from you guys but I can't say the same for myself a year ago. I don't think an apology was enough so I decided to re-write things entirely. By doing this, I'm not trying to pretend I never made any mistakes but instead to give this book a more welcoming aura for those who are new here. I'd also like to thank you guys for all the kind comments in this book and I really do wish I responded to them in a better way back then.

Now, about the changes I made, I decided to stop writing A/Ns in bold because that probably hurts people's eyes and to divide it and the chapter with this nice starry border. I've also changed up my tone of voice in the overall writing but I'm still a little scared that it would sound boring. I'll also be changing my profile and username because I don't feel the need to put my nickname on the internet ;v;

Welp, bai-bai, ilysm <3

QueenOfSarcasm: I see you've already muted Starflight before he starts a new lesson

QueenOfSarcasm: Though I highly doubt he knows what Pyric means

Tsunamithelostheir: Pyrriha??

HandsomeIdiot: What does that have to do with this?

Tsunamithelostheir: I dunno, they just sound alike

Starflight forced himself into the chat

Scroll-worm: To put it simply, Phyric energy is practically the same thing as fire which may be confusing for many as fire has been sorted into the 'Gas' category of the forms of matter. In reality, there is not a concrete answer although depending on your source, flames could be labeled as a weak form of plasma or slightly ionized gas. What we see as flames nowadays is actually the visible effects of the combustion process between the air and some sort of fuel. As suggested by the image above, Pyric Plasma is highly related to limbs that have been lit aflame and continue to burn. There isn't much information on the topic of Pyric Plasma on the internet as it is mainly used fictionally in fandoms or memes but I will do everything in my power to make others take this matter seriously ヘ(□•□•□)ヘ

SUGERHIGHKINK: Wow.

TheTurtle: Even Kinkajou's dumbfounded

Ice-face: Isn't she always?

Matchmaker: I give up on making this chat a safe and welcoming community :,D

A/N: I'm so sorry for my lack of updates and I'd never use the amount of time I spend researching for the chapter on this. I didn't want it to be pointless and long so I tried to keep it short enough that my lovely reader-sans can read it. Pointytail: This is my older sister, Io. It's the most destructive creature on the whole continent, only when it comes to HiveWings, which the exception of Cricket only because my best friend likes her. The remaining brain cells she has left still clearly outnumbers mine as shown when she decided not to leave half of our tribe members to die on our continent, which, indeed, is the real hell

ChrysalisMinnion: Wow.

Snudoo: Wrong thing Cricket (͡ ͜ʖ ͡°)

PeacefulButterflyDragon: The research done on it tho...

I'mTheSizeOfAargeMango: Ooh, a Butterfly~

A/N: I knew that Io is a butterfly species - the peacock butterfly - but I thought it would interesting to stir things up a little. I had to watch a whole infographics video just to write this chapter but it was actually pretty interesting \(0^◇^0)/

A/N: I've come to a decision over the last few months... this book will be over on chapter 150. I've loved writing it, maybe not as

much as before but everything comes to an end. I fell in and out of love with so many other fandoms and I've found some that last, that I'd like to spend more time on.

Before finishing off this book, I was thinking of making everything aesthetic. Changing the cover, fonts and adding more cute symbols. Of course, then it won't have the original feel to it but it'll match my other upcoming books, what do you guys think?

133. Poor unsuspecting devil

[image]

QueenOfSarcasm: Still getting nightmares about this

Comments:

Matchmaker: We don't talk about-

Scroll-worm: No

HandsomeIdiot: I mean like... at least everything else 100% successful

QueenOfSarcasm: No it wasn't

Matchmaker: Deathbringer almost got killed

HandsomeIdiot: But he wasn't killed

QueenOfSarcasm: Yeah, he wasn't killed. That's the only thing that could be improved.

Murderbasket: This is why I compare Glory to the devil

Tsunamithelostheir: That's offensive to the devil

134. Straws

[image]

SnailYandere: Wren told me that sea turtles eat straws and die

Comments:

Matchmaker: They do :(

ISeeWalruses: Hey, turn that frown upside down

Scroll-worm: National sea turtle day is June 16, in honour of the mentioned animal and other marine wildlife and also, "(" would still look the same due to it's horizontal symmetry

ISeeWalruses: *sigh* Reflect that frown along it's vertical axis

Matchmaker: :)

Scroll-worm: :)

ISeeWalruses: :)

ISeeWalruses: Straws are still a problem though...

SnailYandere: Is that why Wren told me not to use them?

H U M A N: No, I just said it's weird to eat spaghetti with it

Pointytail: He did wHaT?

SnailYandere: I've made it my personal mission to eat all plastic straws before any turtles do

Tsunamithelostheir: Where is your house?

Squid-brain: Next to my neighbours

Tsunamithelostheir: You'd better answer properly. Where is your neighbour's house?

Squid-brain: ...

Squid-brain: Next to mine

Tsunamithelostheir: That's it.

Squid-brain: Wait wait wait. You can murder me, but you have to visit ❤

A/N: Happy 2-year Wattpad Anniversary to me!!! I haven't been active, I know. I just really wanted to take a moment and celebrate something I had once meant so much to me. Although covid split my life into before and after, I'm getting closer and closer to normality every day—more time with friends and less on the internet. This doesn't mean I love you guys any less but I'm also happy to be back to reality. Thank you all, for being kind to me at my worst and patient during my absence. Here's to another wonderful year on Wattpad!!
